Welcome to EnPleinAirTEXAS!

Come immerse yourself in a week filled with 34 energetic, award-winning artists you will get to meet and watch! Interact with them and ask questions as they paint in locations all over town (see pg 7). Check out our Fresh Paint Gallery as new paintings arrive from the daily outings to historic private ranches during the week.

What exactly is “EnPleinAir”? It’s the French term for painting in the outdoors and is one of the most distinctive art movements in the country today. Painting in the plein air tradition heightens observation skills, but also requires an ability to deal with unpredictable West Texas weather and a quick hand to capture fleeting light and shadows (or cows!) on paper or canvas.

Who are these Competition Artists? Artists from 29 states and two countries submitted photos of their best plein air paintings this spring, hoping to be one of the artists selected by 2019 juror Tim Newton (see pg 21). The 34 talented artists here this week are from 17 of those states and most have won prestigious awards at national art competitions across the country. Exactly half of them are new to EnPleinAirTEXAS and many have never painted in Texas. They’re already asking questions about boots and rattlesnakes and calf-roping!

What’s new this year? Our 2019 Awards Judge Donald Demers, considered one of the finest marine and landscape painters in America, presents a talk on Friday morning that you won’t want to miss! (see pg 16) We’ve added more “WATCH & ASK While I Paint” sessions so you can easily find and watch more artists. And, our children’s Art in the Afternoon program expands, engaging them in the artwork painted during the week. (see pg 19).

We invite you to experience the magic of one of the top plein air painting competitions in the country! Come meet the 2019 artists of EnPleinAirTEXAS. Watch and learn, paint in the Roping Paint-Out if you want, and view close to 300 amazing paintings at the final weekend exhibit & sale. Your painting purchases support the San Angelo Museum of Fine Arts educational programs that touch over 33,000 students and adults annually. AND there is more beauty in the world because you help these artists keep on painting.

Thank you for supporting the 2019 EnPleinAirTEXAS!

Howard Taylor, San Angelo Museum of Fine Arts Director

The San Angelo Museum of Fine Arts was founded in 1981 and was originally located in the historic 1867 Quartermaster Building at Fort Concho National Historic Landmark, the same location of our EnPleinAirTEXAS exhibits today.

The San Angelo Museum of Fine Arts has been awarded The National community Service Award from the American Institute of Architects (1995); the National Award for Museum Service (2003) from the Institute of Museum and Library Services (the country's highest honor for museums); and the Award of Excellence in Museums from the Texas Historical Commission (2011). The museum also manages CASETA, the Center for the Advancement and Study of Early Texas Art, and is currently leading the development of a TCA designated 200 acre Cultural District.

Among the Permanent Collection's areas of concentration, SAMFA has established a distinguished collection of contemporary American ceramics, as well as ceramics from Europe, Canada, and Asia. A unique feature of SAMFA is its visible storage facility for the ceramics collection, which is always accessible to visitors. Other focus areas of the collection include early and contemporary Texas art, and Spanish Colonial and Mexican religious art. The museum's exhibit program is encyclopedic.

SAMFA is accredited by the American Alliance of Museums. It is open to the public Tuesday through Saturday from 10 am to 4 pm and Sunday from 1 pm to 4 pm, Closed Mondays, major holidays, and between exhibits. Admission is \$2 for adults, \$1 for seniors, and free for students, members of the military, and families with children. The museum is located at:

The “HOW-TO’s” of ARTIST WATCHING

- Feel free to walk up & peek over the shoulders of these artists. It’s quite amazing to watch a messy swirl of colors on the canvas turn into a breath-taking interpretation of the scene you are both looking at!
- Stand a good bit behind or off to the side so you don’t block the scene. Many artists step back occasionally to get a better view of their painting.
- Feel free to talk or ask questions, but keep in mind they are competing as well as working fast to catch the light/shadows before the sun changes. Over all, they are happy to share their thoughts and painting tips with you!

Time Stands Still: Photos of Bus Stops by Michael Kruscha

We encounter them en route; on a journey, on the wayside, along a street that takes us to some other place, somewhere, and nowhere, into nothingness. They can be found all over the world, are familiar to us and are nonetheless alien, since they appear in a wide variety of forms in the most remote regions, off the beaten track

and wonderful: Bus Stops—often unexpected and unprepossessing, or imposing, quirky. Michael Kruscha photographed bus stops while traveling over several years, in many countries, on many continents, around the world. His series comprises images from Eastern Europe, Kazakhstan and Armenia, the Arabian Peninsula and the Near East, northern and southern Africa, South America, and Asia.

Where Do You Go Dancing? Paintings, Drawings and Sculpture by Jerolyn Bahm-Colombik

The human presence is woven throughout Jerolyn Bahm-Colombik's works that include painting, printmaking, drawing and sculpture. With reverence for the classics, she utilizes drawing as the foundation for her creative work. A simple gesture speaks worlds to her and provides the impetus to engage the subject for a short study. The act of drawing a stranger becomes a transformative experience as cultural barriers dissolve and a unique intimacy begins. Her favorite ice-breaking question and to add humor is Where do you go dancing?

"What Makes a Painting Exceptional"

A FREE talk presented by

Awards Judge Donald Demers

10:30 am – 12 Noon

San Angelo Museum of Fine Arts Meeting Room

1 Love Street

Sponsored by JFM Frames

So how do you know when or why a painting is really 'exceptional'? Is there more to it than just the fact that you like it? What if you've never taken an art lesson in your life? Awards Judge Donald Demers will help you 'step behind the paint and the brush-strokes' and discover why some paintings captivate us immediately. Demers is considered to be one of the finest marine and landscape painters in America (see more about him on page 21). In addition, he has the extraordinary ability to communicate his feelings about a particular work he is viewing in an easy manner that captivates and educates those new to the art world as well as seasoned collectors.

Don firmly believes that art is for everyone and will help us all look at paintings and artists in a new light. You will leave with a new respect for and perhaps a growing interest in the paintings you have in your homes, and the paintings you see during the phenomenal EnPleinAirTEXAS event.

Donald Demers, our 2019 Awards Judge for EnPleinAirTEXAS, will showcase past EnPleinAirTEXAS paintings owned by local collectors for this exceptional talk open to the public!

Awards Judge - *Donald Demers*

Donald Demers was our 2018 juror and selected last year's artists for EnPleinAirTEXAS. We are honored to welcome him as our 2019 Awards Judge.

Demers is considered to be one of the finest marine and landscape painters in America. The exemplary level of his paintings has placed them in some of the most prestigious public and private collections in the country. Demers is a

highly sought-after instructor and his teaching has taken him around the United States and Europe.

His professional career began as an illustrator, but a move to Maine in 1984 marked a dramatic change which led to maritime and landscape painting. His early work includes National Geographic covers to a four-time recognition by the Museum of American Illustration as one of the finest illustrators in the field.

In 2007, Demers' paintings traveled with the National Exhibition entitled "From Sea to Shining See: A Reflection of America", which included stops at the George Bush Presidential Library in College Station, TX; the Museum of the Southwest in Midland, TX, and other museums across the country.

Don's marine paintings have garnered him a record 21 awards at the Mystic International Marine Exhibition. His paintings have been featured in numerous publications, and he has received awards for his landscape painting from the Joan Irving Museum in Irvine, California, the Laguna Plein Air Invitational and from The Guild of Boston Artists. Don is a Fellow of the American Society of Marine Artists, an elected member of the Guild of Boston Artists, a Signature member of the Plein Air Painters of America, an elected member of the Salmagundi Club and an elected member of the California Art Club.

Selection Juror - *Tim Newton*

We are excited to have one of the top art collectors in the United States, as our 2019 juror. Tim Newton is a nationally acclaimed art collector, founder and curator of the American Masters exhibition at the renowned Salmagundi Club in New York City and past Chairman/CEO of its board. Currently he is the Publisher of Western Art & Architecture Magazine.

Tim's task was to select only 30 artists from applications we received from across the world by May 1, 2019, to join last year's top four prize-winners. You'll see a diversity of styles and serious talent in the artists who will be painting here this October, thanks to Tim's critical eye.

Although Tim now spends most of his time at his home in Santa Fe, NM, he still spends some time in New York, and continues to be active with the Salmagundi Club. Growing up in Wyoming and Colorado, his collection includes many paintings from major shows he attends in the western part of the U.S. An eclectic collector, Newton owns many maritime works (he is an admirer of Donald Demers - our 2019 Awards Judge) and also owns nocturnal (night) paintings, Grand Canyon scenes, and perhaps a cowboy or two. Newton says he looks for technical skill, great design, and artwork that tells a story, according to a recent article in Southwest Magazine.

Tim began collecting with his first sketch in 1991, purchased at an artist's studio in Montana. We are thrilled to welcome his discerning eyes and thought processes in his selection of our 2019 EnPleinAirTEXAS Competition Artists!

A WORD ABOUT 2018 Grand Prize Winner, Kathleen Hudson

2018 ELTA JOYCE MURPHEY
GRAND PRIZE WINNER

Kathleen Hudson

Lexington, Kentucky

Kathleen Hudson, of Lexington, Kentucky, won the PleinAir Salon Grand Prize in 2017 and was juried into EnPleinAirTEXAS that same year. It was her first visit to Texas.

In 2018, she painted her second year here, and won the big award - the 2018 Elta Joyce Murphey Grand Prize!

She wanted to be here this year and defend her title, but life had other happy and unexpected plans for her family! She is expecting a daughter to be born the week after this year's event – so traveling to Texas is out this year!

In the time leading up to now, she has been full of creative energy, painting from Michigan to Montana and winning!

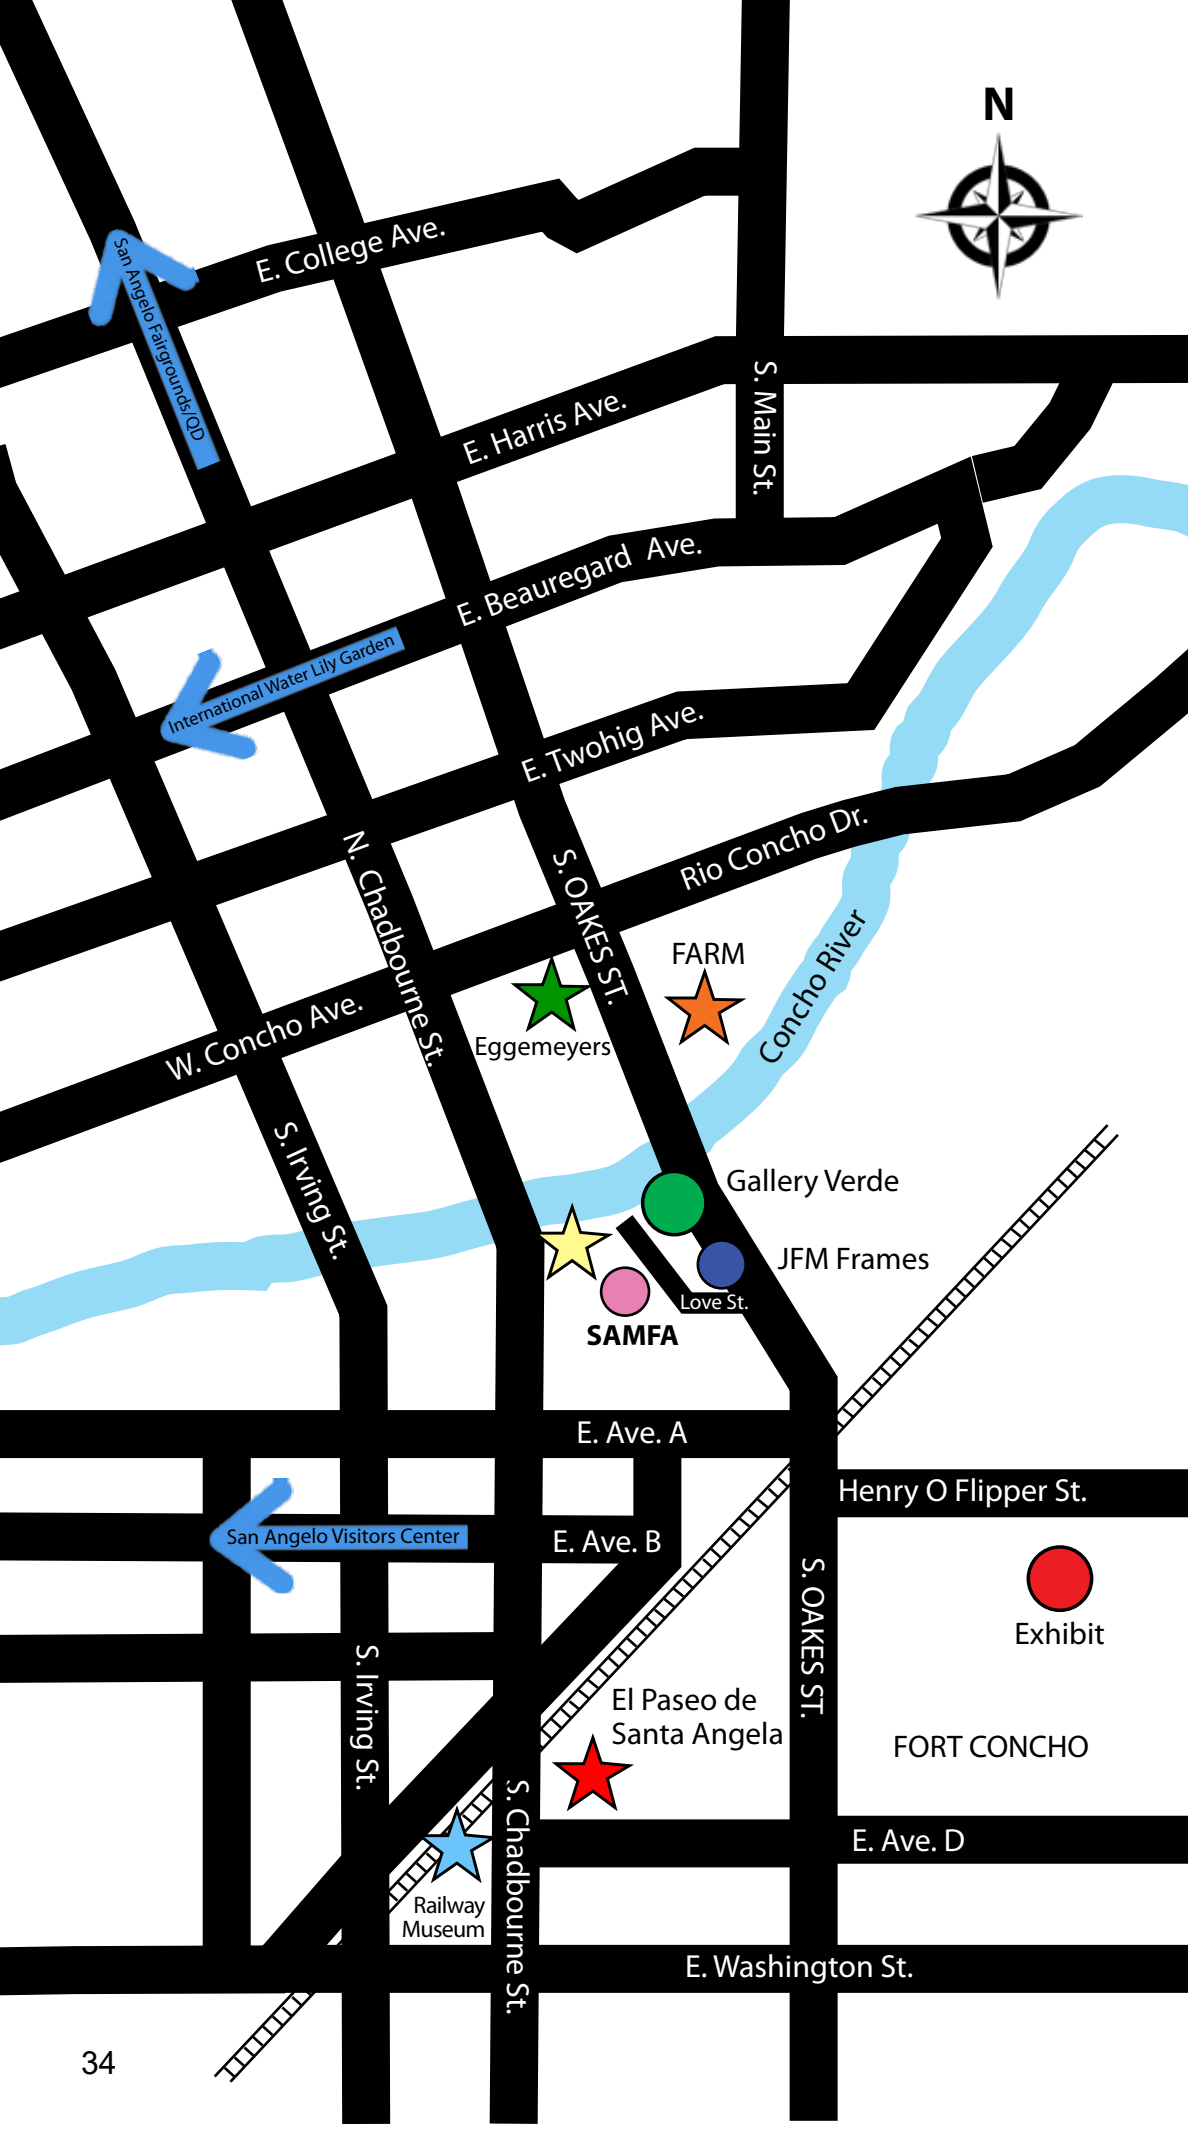

~ Second Place at Forgotten Coast Quick Draw in Florida in May

~ Best of Show, Paint Grand Traverse Quickdraw in August

~ Artists Choice Award at the Timeless Legacy Show at the Hockaday Museum of Art, Kalispell, MT near Glacier National Park in August

We wish her the best and hope to see her in Texas soon!
